Terms of Acceptance, DISCLAIMER and LIABILITY WAIVER

When a client seeks help to quit cigarettes and we accept a client for such care, it is essential for both to be working towards the same objective. Quitting cigarettes has specific goals. It is important that each client understand both the objective and the method that will be used to attain it. This will prevent any confusion or disappointment.

We do not offer to diagnose or treat any disease. We offer methods of restoring balance to your mind as a way of helping you quit cigarettes. If you desire advice, diagnosis or treatment for anything going on in your body, we will recommend you seek the services of another health care provider. Note – There is no rebate from Health Funds for this service.

Advanced Hypnosis:

I understand that the hypnotherapist cannot guarantee results any more than a doctor can guarantee results from a particular prescription or surgical procedure.

I understand that hypnosis is not mind control, and that the hypnotherapist does NOT do anything to me while in or out of trance.

I understand no one on this planet has ever suffered adverse affects simply from being hypnotised.

NLP: Neuro Linguistic Programming

NLP is a system of working with the mind and the programming and ways in which the mind works. By working with the patterns, belief systems, and ideas the brain uses to store and retrieve information and ways the brain uses to carry out the functions of the body, NLP is often able to quickly help you change this “programming”. This allows you to make changes at the unconscious level in a matter of minutes, vs. days or years with other systems. NLP only works because you choose to do it or not. NLP cannot do anything you don't want to be done.

Support Structures:

The quit Cigarettes in 60 Minutes System has follow up systems that you will do after the initial 60 minute session. You will be given all of these support structures at no additional charge at the end of your session. It is my understanding that the full benefit of this session will not be had unless I follow through with using and implementing the support structures given in this session.

Follow Up Sessions:

I understand that the Quit Cigarettes in 60 Minutes system has NO STATED REFUND POLICY. Our commitment is dedicated to your success as a non smoker for life. We support you with “whatever it takes “ policy. That is your goal and we are going to support you in that 100%. We agree to provide follow up session at no charge to help you to become a non smoker if you should smoke a cigarette in the future. You agree to contact us as quickly as possible should you need back up supports otherwise we will assume that you have achieved your aim in becoming a non smoker successfully.

Again, we do not diagnose or treat. We do not want to replace your medical doctor or alternative medical treatments.
